All boaters must carry policy of 300,000.00. Every Jr. club must supply one boater for every two Jr. Anglers sent to the state tournament. This form must have a copy of the boaters' insurance stapled to the back of the page. Boaters from your club will not be allowed to have Jr. Anglers from your club in his/her boat. Boat assignments will be random draw conducted by the Youth Director. You may recruit Federation members from clubs other than your sponsor club to be boaters for the state tournament.

**Remember... securing boaters for your kids is the responsibility of the club's youth adviser.**
